

RETRACTION

Protective Role of Astrocyte-Derived Exosomal *microRNA-361* in Cerebral Ischemic-Reperfusion Injury by Regulating the AMPK/mTOR Signaling Pathway and Targeting *CTSB* [Retraction]

Bu X, Li D, Wang F, Sun Q, Zhang Z. *Neuropsychiatr Dis Treat.* 2020;16:1863–1877.

At the authors request, the Editor and Publisher of *Neuropsychiatric Disease and Treatment* wish to retract the published article. The authors have stated that the images used in the article have been altered to varying degrees and are composites which were not taken from original experiments.

The Editor agreed with the authors decision to retract the article.

Our decision-making was informed by our policy on publishing ethics and integrity and the COPE guidelines on retraction.

The retracted article will remain online to maintain the scholarly record, but it will be digitally watermarked on each page as “Retracted”.

Publish your work in this journal

Neuropsychiatric Disease and Treatment is an international, peer-reviewed journal of clinical therapeutics and pharmacology focusing on concise rapid reporting of clinical or pre-clinical studies on a range of neuropsychiatric and neurological disorders. This journal is indexed on PubMed Central, the 'PsycINFO' database and CAS, and is the official journal of The International Neuropsychiatric Association (INA). The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
