

Shock Waves as a Treatment Modality for Spasticity Reduction and Recovery Improvement in Post-Stroke Adults – Current Evidence and Qualitative Systematic Review [Corrigendum]

Dymarek R, Ptaszkowski K, Ptaszkowska L, et al. *Clin Interv Aging*. 2020;15: 9–28. The authors apologize for this error.

Page 9, the affiliation for Dr. Mateusz Kowal should be “²Department of Physiotherapy, Wrocław Medical University, Wrocław, Poland”.

Publish your work in this journal

Clinical Interventions in Aging is an international, peer-reviewed journal focusing on evidence-based reports on the value or lack thereof of treatments intended to prevent or delay the onset of maladaptive correlates of aging in human beings. This journal is indexed on PubMed Central, MedLine, CAS, Scopus and the Elsevier

Bibliographic databases. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
