

Comparison of Antiobesity Effects of Adipose-Derived Stromal/Stem Cells from Different Sources in a Natural Aging Model [Corrigendum]

Zhu Y, Wang T, He S, et al. *Diabetes Metab Syndr Obes.* 2021;14:4535–4546.

The authors have advised due to an error at the time of figure assembly, Figure 5D on page 4543 is incorrect. The correct Figure 5 is shown as follows.

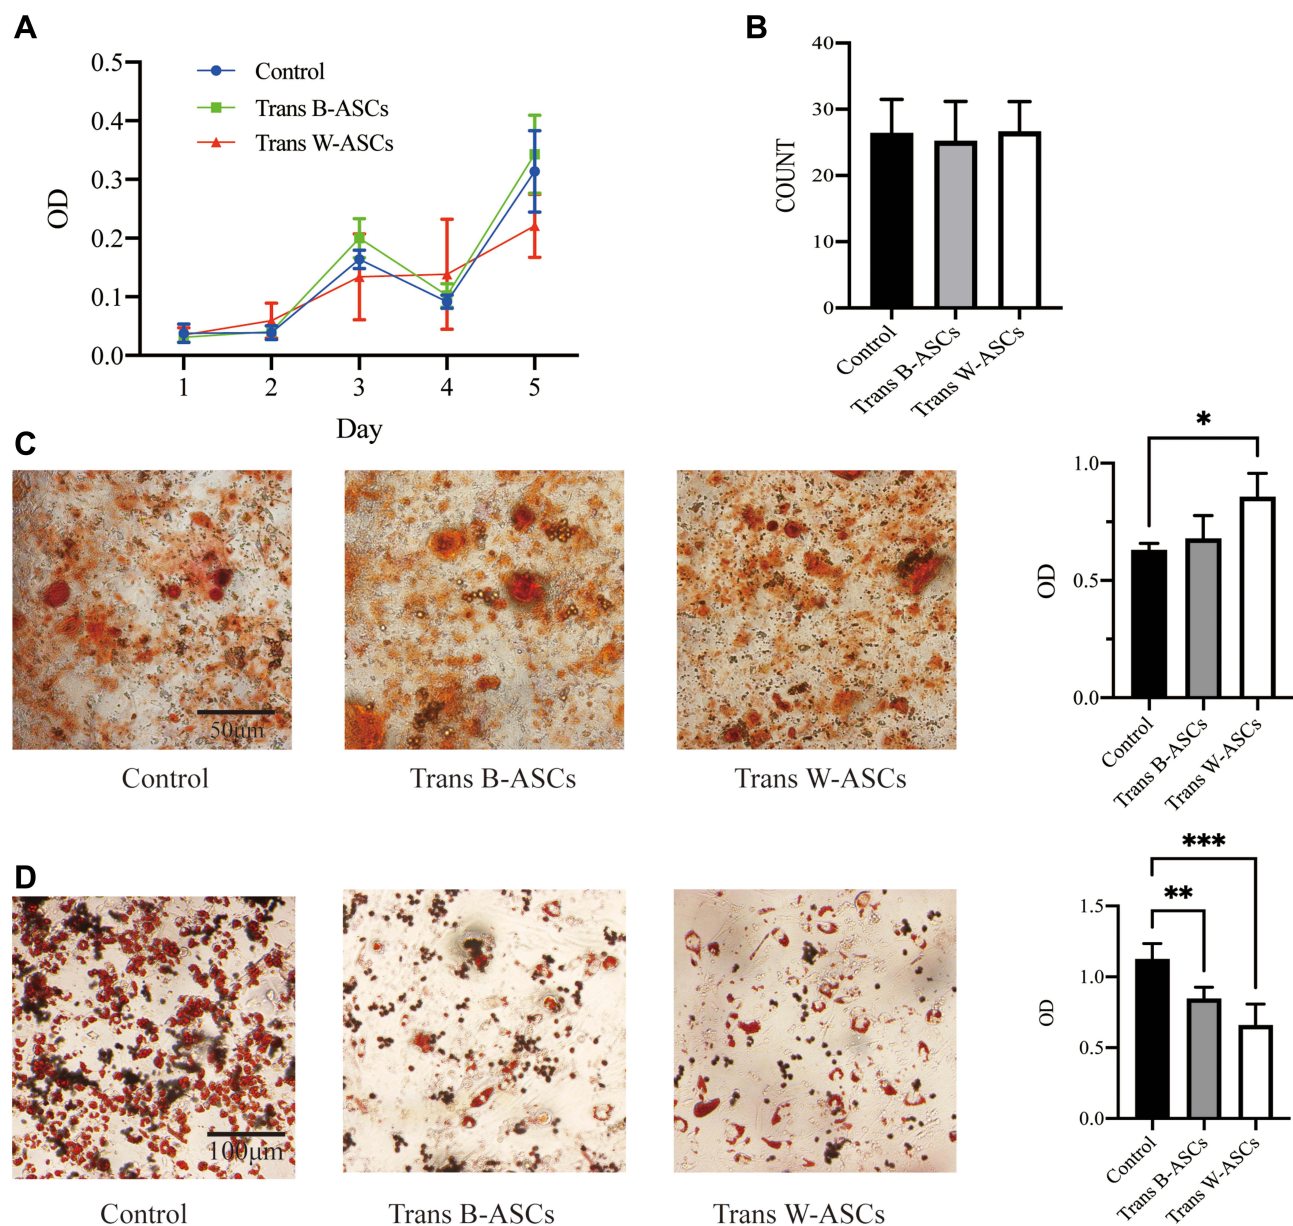

Figure 5 Effects of B-ASC and W-ASC transplantation on the plasticity of abdominal ASCs. (A) MTT assay of cell proliferation. (B) Colony count. (C) Osteogenic differentiation. (D) Adipogenic differentiation. Data are means \pm standard deviation (n = 5). Statistical analysis was conducted with GraphPad Prism 9. * $P < 0.05$; ** $P < 0.01$; and *** $P < 0.001$.

The authors apologize for this error and advise it does not affect the results of the paper.

Diabetes, Metabolic Syndrome and Obesity: Targets and Therapy

Dovepress

Publish your work in this journal

Diabetes, Metabolic Syndrome and Obesity: Targets and Therapy is an international, peer-reviewed open-access journal committed to the rapid publication of the latest laboratory and clinical findings in the fields of diabetes, metabolic syndrome and obesity research. Original research, review, case reports, hypothesis formation, expert opinion and commentaries are all considered for publication. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
