

## Upregulation of Family with Sequence Similarity 83 Member D Expression Enhances Cell Proliferation and Motility via Activation of Wnt/ $\beta$ -Catenin Signaling and Predicts Poor Prognosis in Gastric Cancer [Corrigendum]

Wang F, Zhang S, Wei Y, Chen H, Jiao Z, Li Y. *Cancer Manag Res.* 2019;11:6775–6791.

The authors apologize for this error and advise it does not affect the results of the paper.

The authors have advised due to an error at the time of figure assembly [Figure 10](#) on page 6789 is incorrect. The correct [Figure 10](#) is shown below.

**Figure 10** Knockdown of FAM83D inhibits tumour growth in nude mice. **(A)** Images of mice formed by AGS cells transfected with siControl or siFAM83D. **(B)** Images of tumors formed by AGS cells transfected with siControl or siFAM83D. **(C)** The growth curves of the tumours formed by AGS cells transfected with siControl or siFAM83D. The data are presented as the mean ± SD (N=5 mice per group). **(D)** Weight differences in tumours formed by AGS cells transfected with siControl or siFAM83D and injected in nude mice. The data are presented as the mean ± SD (N=5 mice per group). **(E)** Time course of body weight changes of two different groups. **(F)** The histological examination of FAM83D, GSK-3β and β-Catenin expressions the tumours formed by AGS cells transfected with siControl or siFAM83D. **(G)** Expression of FAM83D, GSK-3β and β-Catenin was assessed by immunohistochemistry in tumors formed by AGS cells transfected with siControl or siFAM83D. Statistically significant difference: \* $p < 0.05$ . \*\*\* $p < 0.001$ .

## Cancer Management and Research

Dovepress

### Publish your work in this journal

Cancer Management and Research is an international, peer-reviewed open access journal focusing on cancer research and the optimal use of preventative and integrated treatment interventions to achieve improved outcomes, enhanced survival and quality of life for the cancer patient.

The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.

Submit your manuscript here: <https://www.dovepress.com/cancer-management-and-research-journal>
