

Downregulation of MicroRNA-130a Inhibits Oral Squamous Cell Carcinoma Proliferation and Metastasis via the Hippo-YAP Pathway [Retraction]

Peng Y, Hu S, Zhang K, et al. *Cancer Manag Res*. 2021;13:4829–4840.

At the authors request, the Editor and Publisher of *Cancer Management and Research* wish to retract the published article. The authors advised that errors were made in the statistical analysis of the data and they were unable to replicate some of the results described. In the interests of scientific integrity,

the authors decided it best to retract the published article.

Our decision-making was informed by our policy on publishing ethics and integrity and the COPE guidelines on retraction.

The retracted article will remain online to maintain the scholarly record, but it will be digitally watermarked on each page as “Retracted”.

Publish your work in this journal

Cancer Management and Research is an international, peer-reviewed open access journal focusing on cancer research and the optimal use of preventative and integrated treatment interventions to achieve improved outcomes, enhanced survival and quality of life for the cancer patient.

The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
