

Development of opioid-induced constipation: post hoc analysis of data from a 12-week prospective, open-label, blinded-endpoint streamlined study in low-back pain patients treated with prolonged-release WHO step III opioids [Corrigendum]

Ueberall and Mueller-Schwefe. *J Pain Res.* 2015 Aug 10;8:459–475.

The PROBE German pain study was incorrectly listed in the abstract and on page 462 as European Union Drug Regulating Authorities Clinical Trials [EudraCT]: 2012-001317-16. The correct registry is European Medicines Agency E-Register of Studies: ENCEPP/SDPP/11035.

Journal of Pain Research

Dovepress

Publish your work in this journal

The Journal of Pain Research is an international, peer-reviewed, open access, online journal that welcomes laboratory and clinical findings in the fields of pain research and the prevention and management of pain. Original research, reviews, symposium reports, hypothesis formation and commentaries are all considered for publication.

Submit your manuscript here: <http://www.dovepress.com/journal-of-pain-research-journal>

The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
