

EXPRESSION OF CONCERN

Management of L-Dopa Overdose in the Competitive Inhibition State [Expression of Concern]

Hinz M, Stein A, Cole T. *Drug Healthc Patient Saf.* 2014;6:93–99.

The Editor-in-Chief and Publisher of *Drug, Healthcare and Patient Safety* wish to issue an Expression of Concern for the published article.

Concerns have been raised regarding the alleged undisclosed competing interests of some of the authors, and the level of information provided on methodology, study

data and process of institutional ethical approval for the published article. *Drug, Healthcare and Patient Safety* would like to alert readers of this while our investigation is still ongoing and we will provide an update following the conclusion of our investigation.

The authors have been informed of these concerns and of our investigation.

Drug, Healthcare and Patient Safety

Dovepress

Publish your work in this journal

Drug, Healthcare and Patient Safety is an international, peer-reviewed open-access journal exploring patient safety issues in the healthcare continuum from diagnostic and screening interventions through to treatment, drug therapy and surgery. The journal is characterized by the rapid reporting of reviews, original research, clinical, epidemiological and post-marketing surveillance studies, risk management, health

literacy and educational programs across all areas of healthcare delivery. The manuscript management system is completely online and includes a very quick and fair peer-review system. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
