

Lupeol Inhibits Growth and Migration in Two Human Colorectal Cancer Cell Lines by Suppression of Wnt- β -Catenin Pathway [Retraction]

Wang YH, Hong D, Qian YQ, et al. *Onco Targets Ther.* 2018;11:7987—7999.

the findings of the study could no longer be supported and requested for the article to be retracted.

The Editor-in-Chief and Publisher of *OncoTargets and Therapy* wish to retract the published article.

The authors wish to apologise for this error.

We were notified of the alleged duplication of western blot bands between Figure 6B Cyclin A2 and 6D Cyclin A2 in the published paper.

Our decision-making was informed by our policy on publishing ethics and integrity and the COPE guidelines on retraction.

The authors provided an explanation for the duplication but were unable to provide satisfactory raw data for the western blots shown in the article. The editor determined

The retracted article will remain online to maintain the scholarly record, but it will be digitally watermarked on each page as “Retracted”.

Publish your work in this journal

OncoTargets and Therapy is an international, peer-reviewed, open access journal focusing on the pathological basis of all cancers, potential targets for therapy and treatment protocols employed to improve the management of cancer patients. The journal also focuses on the impact of management programs and new therapeutic

agents and protocols on patient perspectives such as quality of life, adherence and satisfaction. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
